SALEEM YOUSEF
SOFTWARE ENGINEERING STUDENT

Motivated and detail-oriented Software Engineering student with hands-on experience in full-stack development, backend engineering. Proficient in languages such as Java, C, C#, Python, and JavaScript, and experienced with frameworks and tools including Angular, React, .NET, MySQL, and Node.js. Skilled in clean architecture, software testing, and relational database design, with a strong understanding of scalable software systems.

LEADERSHIP

Led multiple project teams through the complete software development lifecycle planning, designing, coding, testing, and deployment across both academic assignments and collaborative technical initiatives. Known for fostering teamwork, maintaining momentum, and delivering results under deadlines.

SKILLS

Strong problem-solving, Leadership, Project Planning, Time Management, Communication, Self Learning, Adaptability

EXPERIENCE

SOFTWARE ENGINEER • INVOKHR   2025/4 - NOW

Contributed to the improvement of advanced AI systems by reviewing and optimizing AI-generated code and mathematical responses in multiple languages (Python, Java, C). Collaborated with a global team to evaluate content quality, accuracy, and multilingual performance in English and Hebrew, helping enhance large language models through expert feedback and annotation.

SOFTWARE DEVELOPER - ASTROCLOUD   2025/2 - NOW

Contributed to the development of cloud-based web applications with a focus on backend development, including migrating PHP code to C#/.NET, designing efficient relational databases, and writing clean, well-organized code using SOLID principles. Actively participated in Agile sprints, code reviews, and team planning sessions.

EDUCATION

B.SC OF SOFTWARE ENGINEERING • KINNERET COLLEGE   2022 - NOW

Completed coursework in key areas of software engineering, including Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Software Architecture, Web Application Development, Software Testing, and Project Management.

PROJECTS

Inventory Management System • 2023

Budget Management Web Application • 2025

Scheduling Web Application • 2025
